UNIVERSAL BOOTH BY S+ARCK

Intuitive & accessible for everyone

Developed in co-operation with CRIDEV, the French research centre for the integration of differences in living spaces, the Universal Photobooth meets the high usage quality criteria for all kinds of customers whatever their physical, sensory, psychological, mental, cognitive, cultural or age differences.

- Wheelchair accessible: the seat can be easily folded away, 1kg upwards and 2.5kg downwards.
- Easy transfer from a wheelchair onto the seat thanks to integrated support bars
- Anti-slip floor
- Step for people of small stature and children
- Inclined keypad with large buttons of different colours
- Automatic camera adjustment
- Vocal assistance for visually impaired customers
- Written instructions and demonstration video for hearing impaired customers
- Amplifier for hearing aid loops
- Guidance software for the customer

COMPLIANT ID PHOTOS

- Our ID & VISA photos conform to the ICAO (International Civil Aviation Organization) standards thanks to the exclusive patented Photo-Me® ID software.

WYSUWYG (What you see is what you get) technology allowing the customer to view the photo on the screen before it is printed.
